

MEMBER UPDATE NOVEMBER 2022

On Wednesday, 30th November 2022 Polio NSW will hold our 33rd Annual General Meeting in conjunction with an end of year Seminar

Last year was the first time we held our Annual General Meeting and a seminar as a videoconference. We moved to that format because we had been finding that fewer members were able to physically attend our informative Seminars. Movement restrictions as a result of the COVID-19 pandemic greatly increased these difficulties.

During this year the funding obtained under the Social Sector Transformation Fund has enabled us to have a wonderful series of online seminars/webinars and even more members are now proficient at video conferencing.

Holding the Annual General Meeting by videoconference allows many more members to participate as you are able to do so from the comfort of your own home, whereas in the past only those in metropolitan or nearby areas and those with fewer mobility issues could attend.

The Annual General Meeting is our important business meeting each year. It is your opportunity to have a say in the direction and programs of Polio NSW, and to help your fellow polio survivors by standing for election to the Management Committee. We look forward to your support for our online programs and participation in both the AGM and Seminar.

Register to participate in this free event: www.trybooking.com/CEEJO

Once you register, a link to access the meeting will be provided closer to the date

The Polio Experience in Other Countries

In what country did you contract polio? Inevitably, where you were living when polio came calling had an impact on your experience, both during the acute phase and in the years following. Some survivors received excellent rehabilitation, others had little or none. Many polio survivors later emigrated to Australia, not only after the worldwide epidemics last century, but also more recently from countries where polio eradication took many years. Join us and learn something of the polio experience outside Australia.
